

REMARKS

The present amendment makes editorial changes and corrects typographical errors in the specification, which includes the Abstract, in order to conform the specification to the requirements of United States Patent Practice. Claims 1-28 are presently pending as provided in the English translation of the corresponding PCT Patent Application No. PCT/JP04/004338 also enclosed herewith. No new matter is added thereby.

Early and favorable consideration on the merits is respectfully requested.

respectfully submitted,
